#### FRENCH RAID IN FOREST OF APREMONT.

Attempted coups de main by the Germans in Argonne and Lorraine failed.

"LATER."  
A later communiqué states that there has been moderate general artillery activity and successful air operations in which factories, and blast furnaces and Lorraine villages were bombed; also aerodromes at Colmar and Zeebrugge.

#### GERMAN REPORTS.

The British attacked north-east of Beaumont, eastward of Grandcourt and northward of Courcellette. A company penetrated in the direction of Beaumont. The attacks elsewhere were repulsed.  
We repulsed the French in hand-to-hand fighting in Sully Wood on both sides of the Moselle.

We repulsed and are pursuing the Russians northward of Narocz Lake and southeast of Zloczow.

FIGHTING ON BALKAN FRONT.

#### SPAIN'S LOSSES.

MADRID, Feb. 11.  
Twenty-seven Spanish vessels of a total tonnage of 79,070, and valued at £2,800,000 sterling have been sunk during the war.

#### SUBMARINE RESULTS.

##### NOT SO BAD AS GERMANS HOPED.

LONDON, Feb. 11.  
Experts reckon that the average rate at which ships have been sunk since the new campaign began is 18,000 tons a day, compared with 12,000 tons previously.  
This is not nearly so bad as the Germans had hoped. The enemy has not done enough for his purpose. If the sequel goes according to the first week, it suggests that we shall undoubtedly pull through all right. The experts emphasize that the present super-frightfulness can only be maintained a week or two longer; while an increase in the efficiency of the British preventive measures is to be expected.

#### THE ADMIRALTY'S OPTIMISM.

Mr. Petyman, (Under Secretary to the Admiralty, speaking at Chelmsford said there was not the slightest doubt in the mind of the Admiralty that the present submarine onslaught would be defeated, like the previous one.

#### THE GERMAN SUBMARINE FLEET.

PARIS, Feb. 11.  
Lord Milner, interviewed at Petrograd, estimated that Germany had 200 submarines.

#### STEAMERS SUNK.

LONDON, Feb. 11.  
The following steamers have been sunk:  
Hanna Larsen (British) Ida, Odin, Solbakken (Norwegian), Nueva Montana (Spanish). Also a Norwegian barque and a Dutch trawler. Total tonnage 10,000.

#### THE SINKING OF THE "MANTOLA."

##### AMERICAN DOCTOR'S NARRATIVE.

LONDON, Feb. 11.  
The doctor was the only American on board the British India Co.'s steamer Mantola when she was sunk. Interviewed in London by a representative of the Associated Press of America he said the ship was out-bound bound from Calcutta and had on board 19 passengers and a crew of 195. The latter were mostly Lascars. At 1.40 on Thursday afternoon when 180 miles from Fastnet, there was a violent explosion, which killed seven Lascars and shook the ship from end to end. Excellent order was preserved. Everyone immediately got into the boats except the Captain, Chief Engineer and wireless operator who remained on board and repaired the wireless. After half an hour he sent out distress calls. Almost immediately the submarine, which had evidently been lying in the haze a couple of miles away, began shelling the Mantola, simultaneously coming at full speed towards her. Some shrapnel shells burst above the Mantola and around the boats which rowed off, but nobody was hurt. The submarine was now plainly visible. A passenger in the doctor's boat recorded 47 shells. When the submarine was 200 or 300 yards off the Mantola an unknown vessel loomed up on the horizon, and the submarine submerged and disappeared. The new arrival proved to be the British ship Laburnum, which picked up the survivors. The Mantola sank the same evening.

"LATER."  
A hundred Lascar survivors have arrived in London. They still cling to their lifebelts. Some of the survivors were six hours in the boats.

SAN FRANCISCO GERMAN  
CONSULAR OFFICIALS.ATTEMPTS TO BLOW UP HAZEL  
DOLLAR.

When the munition steamer Hazel Dollar, Talithy and Shihai Maru arrived safely in Vladivostok in June, 1915, the news caused a great commotion in San Francisco, according to the contention of the Government in the trial of Consul-General Franz Bopp and others for conspiracy to blow up these and other ships and trains.

The Government says that Charles C. Crowley and Louis J. Smith, employees of the Consul-General, constructed time bombs in Tacoma and that Smith pretended to put them on board the three ships mentioned before they sailed from Puget Sound.

Smith did not do it, but, according to the Government, Crowley and the German officials fully believed he had. This belief, says United States Attorney Preston, was badly shaken when the three steamers reached Vladivostok in safety.

To support this, Preston introduced in San Francisco on 11th December a series of telegrams addressed to C. C. Crowley at Chicago, Detroit and New York, and signed either "M.W.C." or "W." which the Government declares were signatures used by Mrs. Margaret W. Cornell, one of the defendants. A. M. Meacham, an employee of a telegraph company, identified the telegrams as having been sent from San Francisco by Mrs. Cornell.

The first of these was dated 21st June, 1915, about the time, according to Preston, that the first of the three ships reached Vladivostok. It said:—

"Saw him noon. Gave message. He was astonished. Said we will suspend judgment for a few days. Quer news this morning. He suspects you were interested in the failure."

(Signed) "W."

According to Preston, "him" and "he" referred to Lieutenant Wilhelm von Brincken.

All three boats were in, according to Preston, by 20th June the date of the next telegram, which read:—

"All three arrived. I am awaiting your advice. Something queer."

(Signed) "W."

According to Preston, the full revelation that the three steamers had not been sunk by bombs in their vitals made the Consul-General extremely cold toward not only Crowley and Smith, but also toward Von Brincken, and not at all cordial toward further propositions to destroy the munitions of the Allies.

Under date of 7th July "W." wired Crowley at New York as follows:—

"Manager informed Bradford that experiences made were discouraging. That outlook of lawsuit was too poor to justify advances for appeal. He is willing to offer lawyer contingent fee depending upon success only. Bradford privately advises see his friend in New York."

According to Preston, "Manager" was Bopp. "Bradford" was Von Brincken, and the friend in New York was Captain Von Popen, Military Attaché of the German Embassy at Washington, later

SAN FRANCISCO GERMAN  
CONSULAR OFFICIALS.

recalled on complaints of alleged improper activities in America.

The Government's story is that the Consul-General was so chilly that Von Brincken, Crowley, and Smith turned seriously to all attempts to obtain employment from Von Popen. On 7th July a second telegram was sent by "W." to Crowley in New York as follows:—

"Looked for a hundred. They refused to let him have it. He was indignant at refusal, but decided it would be best in the end, as it would justify your seeing other party, who has plenty. He hopes to work with you soon. Don't forget to boost him. He looks to you for help. I have not selected a home yet."

In Preston's interpretation, "they" meant the Consul-General, and "him" and "he" referred to Von Brincken.

Following their attack upon the capacity of Louis J. Smith as a witness for the Government, Bopp's lawyers moved that Mrs. Smith, wife of the alleged co-conspirator, be barred from the witness stand on the ground that in the Federal courts a wife cannot testify against her husband, even though the husband consents.

Saying that Mrs. Smith was a competent witness in regard to all the defendants except her husband, Judge Hunt reserved a ruling, and Mrs. Smith withdrew until some later time.

The explosion at 2 a.m. on Decoration Day, 1915, of a large load of dynamite in Seattle harbour, where it was lying awaiting shipment to Russia, was again to the fore.

Charles C. Crowley was on the scene shortly after daylight, posing as a Government officer making an investigation, according to R. L. Harris, a stoker on a Seattle freighter. Harris identified Crowley as the man. Both Harris and Joseph Boyd, pilot of the freighter, described a second visit they said Crowley paid about ten days later on the same errand in the same pose. Boyd picked Crowley out in the courtroom.

H. G. Postick, employee of the Dupont Powder Company at Seattle, identified Smith as the man giving the name of Walter Weaver, to whom he sold a box of dynamite, and G. P. Marvin, dealer in explosives, identified Smith as a certain Walter Brown to whom he sold 400 feet of fuse.

After the Seattle explosion, according to the Government, Crowley and Smith became frightened and bought a farm at Woodland, where Smith posed as a farmer engaged in blowing out stumps with dynamite. The real estate agent who sold the farm said the sale was made within five minutes after he had taken Smith to the property. Smith, he said, climbed on a stump, looked around and said "I'll take it." He bought it for \$20 down.

The Presidential pardon for Smith, in connection with his conviction by a Military Court in 1908, is in the mails. United States Attorney Preston said. The arrival of the pardon is to be awaited before Smith is again to be called to the stand, unless the defence stipulates that it will not object to his qualification as a witness.

## AN UNDIGESTED DINNER.

Worse than an ill-cooked dinner is a dinner which you can't digest. Do you know what it is to turn away from the best food, ill-humoured and without appetite, though you know it is dinner time and that you need food to sustain you? This is Nature's way of telling you that your digestion is out of order. Your stomach is not in a fit state to absorb food if you eat it, or your blood is unable to carry the necessary nourishment to your nerves, brain and muscles. First of all, put off eating until you are hungry. If you eat when you are not hungry, you can't digest.

To put your blood in the right state to derive good from your food, take Dr. Williams' pink pills. Without any purgative or weakening effect they will purify your blood and enrich it so that you will not only have an excellent appetite for your food, but also be able to digest it comfortably and get benefit from it. But a word of warning. You must not expect this result from pink pills that are not genuine. There is a world of difference between Dr. Williams' pink pills and the substitutes sometimes offered, so get Dr. Williams' and watch how your appetite will improve.

FREE—A book of useful suggestions for those with a delicate digestion will be sent free if you write a post card to the Dr. Williams' Medicine Co., 96 N. 3rd St., New York, N.Y., U.S.A. Dr. Williams' pink pills are obtainable from dealers everywhere, also post free at \$1.50 the bottle (\$2.00 for 6) from the above address.

### SUNDAY'S TELEGRAMS.

(Reuter's Service to the China Mail.)

### AMERICA'S COURSE OF ACTION.

IF GERMANY COMPELS HER TO USE FORCE.

WASHINGTON, Feb. 10.

In the event of Germany compelling the United States to use force, it is learned authoritatively that President Wilson will again go before Congress, not to ask for a declaration of war, but to follow literally the words of his recent address to the Senate, and request authority to use the means deemed necessary to protect American seamen and people.

While the details of the plans are not discussed it is known that conveying and arming of merchantmen are being considered.

### AMERICAN AMBASSADOR TO BERLIN.

WHY HE WAS DETAINED AS A HOSTAGE.

STATEMENT BY THE GERMAN FOREIGN UNDER-SECRETARY.

AMSTERDAM, Feb. 10.

It is announced from Berlin that Count Bernstorff will sail from New York on the 13th inst., aboard the *Reinhardt*, and that Mr. Gerard will leave Berlin in a few days.

Recent despatches from Berlin laboriously explained the delay in Mr. Gerard's departure as "due to an accumulation of passport work, but in an interview which has been published, the Foreign Under-Secretary, von Strumm, admits that Mr. Gerard was actually detained as a hostage. He said: "We heard nothing from America regarding the treatment of Count Bernstorff and German subjects. Evidently the American Government, after the capture, prevented Count Bernstorff from telegraphing. We only learned from the Swiss Government that he had received his passports. Such treatment compelled us to take measures against Mr. Gerard."

Von Strumm concludes by hoping the reports of the seizure of German ships by America and the confinement of their crews is untrue. He said: "We do not wish warfare with non-combatants, such as Great Britain has introduced by internment civilians."

### MR. LANSING'S DENIAL.

WASHINGTON, Feb. 11.

Mr. Lansing declares that von Strumm's statement is untrue. Every facility was given to Count Bernstorff to telegraph.

### THE AMERICANS IN BERLIN.

### PERU DEMANDS INDEMNITY FROM GERMANY.

LONDON, Feb. 10.

The Peruvian Note says it was an unjustifiable offence and demands an indemnity as damages and the punishment of the authors.

## THE WESTERN FRONT.

FURTHER BRITISH PROGRESS IN SOMME REGION.

LONDON, Feb. 10.

Reuter's correspondent at Headquarters says the enemy were hard pressed and have fallen back well behind Grandcourt. We are seriously menacing Serre.

He refers to the heavy fighting around Beaucourt, lasting from Saturday night until Monday afternoon, at the end of which we overcame strong enemy positions and advanced our outposts five hundred yards over a front of 1,100 yards.

Bitter weather is being experienced. The water in the water-bottles is frozen solid. A tribute however is paid to the Army Service Corps for providing hot rations in the support trenches.

### SUCCESSFUL RAIDS.

LONDON, Feb. 10.

Field-Marshal Sir Douglas Haig reports successful raids to the east of Ypres and to the south-east of Ypres. Many dug-outs were destroyed and the enemy's attempt to approach our lines to the south of Armentieres was caught by a barrage and easily repulsed. Artillery caused two explosions in the enemy's lines.

### GERMAN AERODROME BOMBED.

There has been violent artillery work at Vacheran St. Ille, on the Caurieres Wood front.

An enemy aeroplane was brought down.

A French aeroplane last night bombed the railway station and barracks at Karlsruhe.

German aeroplanes bombed Dunkirk, Amiens, Nancy and Pont St. Vincent. Two persons were killed and four injured.

invested. In the event of a rupture  
of diplomatic negotiations being  
followed by a declaration of war it  
would be an easier matter for China  
to deal with the alien enemy  
population in her territory than it  
would be for President Wilson's  
Government to deal with the far  
greater alien enemy population in the  
United States. With both the  
United States and China at war with  
Germany the Germans in China  
would be pariahs without a place of  
refuge, and internment would be a  
charity.

What the precise effect of a sever-  
ance of diplomatic relations which  
falls short of a declaration of war,  
would mean in a country like China  
is a question we cannot pretend to  
answer. Of course, it means that the  
Chinese Government will have nothing  
further to do with the German  
Minister and the German Consula.  
But the question we should like to  
see elucidated is: Would a severance  
of diplomatic relations involve the  
suspension of Chinese Government  
payments to the German bank, which  
apparently is maintaining the German  
population in China and financing  
their intriguing operations. In interest  
on loans and instalments of Boxer  
indemnity China is paying to Ger-  
many something like two million  
pounds sterling annually. If that  
source of supply were suddenly dried  
up, it would afford another very  
powerful reason why the majority of  
the Germans might welcome concen-  
tration in an internment camp. All  
the problems which will follow a  
severance of diplomatic relations have  
doubtless been carefully considered  
by the Chinese Cabinet and its  
Foreign Advisers and the next few  
weeks should be productive of  
interesting developments in China.

A word as to China's Foreign  
Minister may be added to these  
comments, for it is obvious that the  
Cabinet as a whole is largely guided  
by his advice. Dr. Wu Ting-fang,  
who received his early education in  
Hongkong, and was for a time a clerk  
at the Magistracy, has served his  
country for two terms as Ambassador  
at Washington, and it will be recalled  
that he was the chosen negotiator of  
the Republican Party in the negotia-  
tions which led to the abdication of  
the Monarchy. Associated with him  
in the Cabinet are several statesmen  
of enlightened and progressive views,  
who evidently perceive that in allying  
themselves with the nations concerned  
for the maintenance of public law  
China has everything to gain and  
nothing to lose.

We notice in a recent casualty list  
of the name of Captain E. de L. Brock,  
of the Indian Army, among the wounded.  
Captain Brock will be remembered as  
A.D.C. to Major-General Kelly in  
Hongkong.

The forthcoming marriage is announ-  
ced of Captain Harold E. Reynell  
Black Watch, attached Royal Flying  
Corps, eldest son of Mr. H. E. Reynell  
of Kobe, Japan, and Georgiana Catherine,  
eldest daughter of Mr. and Mrs. John  
Liddell, of Shanghai.

In the list of appointments to the  
rank of Brigadier-General in the Army  
honours issued at the beginning of the  
year appears the name of Lt-Col. (temp.  
Brigadier-General) A. A. McHardy,  
C.M.G., D.S.O., R.A., who, as a Major,  
was a General Staff Officer in Hongkong  
when the war broke out.

Colonel (temp. Surgeon-General) J. M.  
Irwin, M.B., late R.A.M.C., who is well  
remembered in Hongkong, has had the  
honour of C.B. (Military Division)  
conferred upon him. Another recipient  
of the honour is Lt-Col. and Bt-Col.  
(temp. Brigadier-General) G. E. Penne,  
C.M.G., D.S.O., R.A., who was  
military attaché at the British Legation  
in Peking a few years ago.

We learn that the following persons  
are on their way out to Hongkong or  
are due here shortly—Miss A. N. Jones,  
Mr. Myott, Rev. Rogers, Miss Giles,  
Miss Butler, Miss Wilson, Miss Austin,  
Mr. Macdonald, Mr. and Mrs. L. McLeod,  
Rev. and Mrs. Hymwell, Mr. D. Pettie,  
Mr. and Mrs. Myrny, Mr. D. Murray,  
Mr. Made, Mr. and Mrs. Pollock and  
child, Miss Biggs, Mr. Walden, Mr. G.  
A. Woodcock, Miss G. Woodcock, Miss  
E. Woodcock, Mr. J. M. Loeman and 2  
children and Miss Rowe.

A religious lecture will be given at  
the Helena May Institute to-morrow  
afternoon (Tuesday) at 5 by the Rev.  
J. Kirk Macdonald, Subject: "The  
Christian Conception of God." This  
meeting will be open to men as well as  
women.

## THE MAGISTRACY.

DEFENDANTS' SUDDEN DEATH.  
When the case in which two Chinese  
were charged with kidnapping was again  
brought before Mr. C. D. Melbourne  
this morning, Mr. E. J. Grist, solicitor  
for the defence, stated that since the  
last hearing the principal defendant had  
suddenly died. As he had been released  
on \$500 bail, Mr. Grist asked that the  
money be refunded and, in respect to  
the other defendant, the case be re-  
manded for another week.  
Inspector Watt corroborated Mr.  
Grist's statement and His Worship  
granted both applications.

ALLEGED THEFT OF FILES.  
A Chinese employee of the Taikoo  
Dockyard charged with larceny, was  
brought before Mr. C. D. Melbourne this  
morning.  
It was alleged that the defendant  
attempted to leave the Dockyard with  
two files, the property of the Works,  
concealed beneath his jacket. Upon  
being searched by an Indian watchman  
the stolen files were discovered and the  
defendant arrested.

Evidence was taken and His Worship  
imposed a fine of ten dollars or in de-  
fault of payment 14 days' hard labour.

HAWKING WITHOUT A  
LICENCE.

A Chinese charged with hawking  
without a licence was brought before Mr.  
J. R. Wood this morning. It appeared  
that defendant, having just been released  
from goal, went direct to the Central  
Market and purchased a quantity of  
vegetables, which he began to sell with-  
out a licence. Evidence was taken and  
a fine of \$20 imposed by His Worship.

MONEY LENDERS AND THEIR  
PROFITS.

At the Summary Court to-day the  
Chief Justice disposed of an action at  
the instance of an Indian, a dock watch-  
man, for payment of \$60, the balance of  
the amount of \$80 lent to defendant  
under a promissory note. The defendant  
stated that while he signed for \$80 he  
only received \$40, and he had repaid  
\$20.

The Chief Justice—If people will per-  
form acts of this sort—get \$40 and  
sign for \$80—then they are responsible  
for the arrangement.

Plaintiff in the witness box deposed  
that he gave \$80 and received a promissory  
note for that amount.

Defendant, examined on oath, said  
he only received \$40. He had also paid  
\$20 in interest. He got no receipt for  
the payment.

The Chief Justice remarked that it  
was an extraordinary thing for a man to  
do, and asked defendant if he would go  
into a tradesman's shop and pay a bill  
without getting a receipt for the amount.

Messrs. Gardiner and Faithfull  
solicitors, who were in Court in connection  
with another case, said it was not  
customary to put the rate of interest on  
the promissory note or to grant receipts  
for interest.

The Chief Justice: The sooner they  
begin to do that the better. It may be  
a Chinese custom, but it is a bad one.

After further hearing His Lordship  
gave judgment for plaintiff for \$60  
with costs.

## HONGKONG POLICE RESERVE.

INSPECTION BY H. E. THE  
GOVERNOR.

Before a large crowd of spectators  
H.E. the Governor inspected the Hong-  
kong Police Reserve, on the Polo  
Ground, Causeway Bay, on Saturday.  
There were more than 500 men on  
parade, including the mounted, ambu-  
lance and machine gun sections, and the  
two bands. When the police under the  
command of Deputy Superintendent F. C.  
Jenkin, (R), paraded past the stand on  
the club-house their smart appearance  
created a most favourable impression.  
Among those present on the stand  
were Lady May and the Misses  
May and the Hon. Sir Paul Chater,  
C.M.G. The mounted section, under  
the command of Assistant Superin-  
tendent T. F. Hough (R), Captain Cassell,  
the Hon. Captain Superintendent of Police  
(Mr. McI. Messer) and Lieut. Kinchun  
Smith (the Governor's A.D.C.), a large  
Union Jack was flying at the saluting  
base where His Excellency received the  
salute, while the band played the  
National Anthem.

After the force had been inspected  
Trooper Samy was presented by  
His Excellency with a fourth-class  
ribbon and medal for bravery in  
arresting a desperate armed burglar  
at Wanchai. P. 505 Ghulam Nabi  
who had rescued a Chinese who fell  
into the harbour, was also called forward.  
After completing his enquiries His  
Excellency said he would recommend  
the constable for the Bellio Medal or  
for some other recognition by the  
Royal Humane Society and told him  
that he (the Governor) was well pleased  
with his gallant act.

Addressing the force, the Governor  
said that it was well nigh a year ago  
since he last inspected them, and he had  
to tell them again how much the  
Government and the Colony appreciated  
their services, and how much their  
valuable assistance to His Majesty's  
Government, indirectly, was appreciated  
by the Secretary of State for the  
Colonies. During the past twelve  
months they had continued to do their  
useful service, and they had gained  
again his full approbation. It would  
help some people to realise how  
valuable the duties which had been per-  
formed for some time past were when he  
said that every night 60 men per-  
formed patrol duty. That meant that  
60 men gave up several hours of rest  
each night after their long day's work  
as they were all in civil employment.  
In addition to that, the efficiency of  
the body had already released 38 members  
of the European force to go to the front,  
and very soon their services would enable  
another twenty to be released. He very  
much appreciated the fact that they had  
released 58 men to proceed to the field  
of actual hostilities. The members of  
that force had also been responsible for  
the arrest of many breakers of the law,  
and the regular police of the Colony  
appreciated very much the valuable help  
thus given. He congratulated them on  
their smart appearance, and he would  
like to take the opportunity of publicly  
conveying the thanks of the Government  
to several Chinese gentlemen who had  
assisted the force. He referred to the  
Hon. Mr. Wei Yuk, and Messrs. Lei  
Kam Wah, Mok Cho Chuen, Tong Lei  
Cheong, Chin E. Tin, Lau Yik Cheuk,  
Chow Sui Kee, and Fang Ping Shan.  
The best thanks of the Colony were  
due to them for their generosity. He  
could not conclude his remarks without  
publicly thanking the Deputy Superin-  
tendent of Police (Reserve) Mr. E. C.  
Jenkin, on his own behalf and on behalf  
of the Colony, for his unwearied efforts  
in the organisation and whole manage-  
ment of that large force.

Cheers were lustily given for the  
Governor, as he left the parade ground.

## POLICE RESERVE CONCERT.

In the evening the anniversary of  
the Reserve was celebrated by a  
variety concert at the Theatre  
Royal. The concert, which was  
attended, had been arranged by Staff  
Inspector Wilden and Mr. C. George  
Grimble, and proved a most entertaining  
evening. The contributors to the first  
part of the programme included Mr.  
Balkan, who sang a well-deserved  
recognition of an encore; Mr. Evans,  
who delighted the audience with her  
song "A Little Bit of Heaven"; Miss  
Elfrida Ormond, who gave a well  
executed piano solo; songs and duets  
were given by Messrs England and  
Cawsey, and a recitation by Trooper  
Ralph.

Owing to illness, Miss Camilla Castro,  
whose name was on the programme,  
was unable to be present. The  
accompanists were Miss E. Ormond and  
P. C. Grimble.

The second half of the programme  
opened with an exhibition of illuminated  
club swing. The next turn was an ex-  
hibition spar between Comd. Scott, R.R.,  
and P. W. S. Bailey (R). This of course,  
was not a serious contest, as P. C. Bailey's  
boxing days are over, but in the three  
rounds he showed his knowledge of the  
science of the sport. The referee  
announced the decision to be a draw.

A three two-minute rounds contest  
between two nine-year old youngsters  
for the "Mosquito" weight championship  
followed and caused much  
amusement. Then there was a very  
amusing blindfold match between  
"Young" Ward (Naval Police) and  
Trooper Belphs. The points in this  
in the others were divided. The final  
item of a very enjoyable programme was  
an exhibition by "The Eastern Wils-  
on Exhibition." The Eastern Wils-  
on, "Tom King," who showed how the  
police could in some things be out-  
maneuvered, but apparently found a  
pair of inter-locked handcuffs too much  
for him.

## TRAINING NOTES.

COMMENTS ON SATURDAY'S  
GALLOPS.

The following comments are made  
on the form shown at the gallops on  
Saturday last:—

## OLD PONIES.

General Birdwood put up a good  
gallop over a mile and a half in 8.46;  
last mile 2.15, last half 1.08, last  
quarter 31.2. Golofina went much  
better than previously and put in a  
stronger finish. He is improving,  
and should be all right by Race week.  
Northlands again went well over the  
Challenge distance, 40.3, 40.2, 38.2,  
37.3, 36, 35, 31.4=4.10.4. The  
figures speak for themselves. Pingwu  
Chief put up a smart mile and a  
quarter in 2.50, last quarter 31.  
with a very strong finish. Trium-  
phant Dahlia, which has been  
off colour, is now beginning to  
come back to form, but it is not  
thought likely that he will distin-  
guish himself as he did last year.  
He did 2.54 for the Champions dis-  
tance, last half 1.06, last quarter  
31.2. Windsor Dahlia is very fit and  
reseed off one of the best gallops of  
the morning; a mile and three quar-  
ters in 4.10.4, last three quarters  
1.43.1, last half 1.07.1, last quarter  
31.4. Grant Dahlia is also going  
strong; 4.16, last quarter 32, over  
the same distance.

## DERBY GRIFFINS.

Herolini went a mile and a half  
in good time, 3.32; finishing well in  
32. Victory's performance over the  
Challenge distance is worth analysing,  
40, 38.3, 37.2, 38.3, 35.4, 31.1=4.17.  
Glorious Pearl is an honest  
pony with a game finish. He easily  
caught and beat his stable com-  
panion Bright Pearl, over the Derby  
distance, but the time was slow,  
3.44.2, last quarter 31.2 (the time  
given in Saturday's issue was obvi-  
ously a mistake). Tittlemouse went  
a slow mile-and-three-quarters but  
finished strong in 1.44.2 last three  
quarters, 1.06.4 last half, 31.3 last  
quarter. Onward Dahlia was sent a  
mile and a quarter on the sand  
course, but finished all done up in  
35.2, 33.8=1.09 for last half. Victory  
Dahlia was not galloped; and  
Choice Dahlia is on the sick list.  
Brown Mouse did 3.31.1 for last mile  
and a half of a mile-and-three-quar-  
ters beating Town Mouse fairly easily  
in 32.2 for last quarter. Warrior II  
was badly beaten by a sub. from  
the same stable. His last quarter  
was 38. Sinou finished very tired  
after a mile and a half (last half  
32.2+36.3=1.09). The Derby dis-  
tance appears to be too much for  
him. The "star turn" of the  
morning was Silver Streak's per-  
formance over two miles. Taking  
the first quarter as 36.2 (as clocked  
by some) the whole time was 5.04.2,  
centering most of the way. The last  
mile was done in 2.25.2, last three  
quarters in 1.41.2, last half 1.07.2,  
last quarter 30.4. Warrior came  
out late and took 3.02.2 for a mile  
and a quarter. This pony is a slug  
and also appears to be somewhat of  
a stinker.

## SUB. GRIFFINS.

Mo went in good style and put in  
a hot finish. Sol and Cloudlands  
found great difficulty in finishing a  
three-quarter mile pow. White  
Metal finished tired after his mile  
effort. Trojan is a good pony; he  
easily came away from his Derby  
stable companion at the end of a  
mile and three-quarters run. Bridge-  
north finish tired but game after a  
mile and a half gallop. Tom  
Cobleigh moved along very nicely.  
Magic Dahlia did good time over a  
mile and a quarter, 2.57.3; last  
quarter 34.1. Triumphant King was  
taken slowly but went in good style  
over a mile. Drumstick was also a  
creditable performance.

## SUNDAY'S GALLOPS.

VICTORY DAHLIA and DUX DAHLIA, 1 1/2

RELATIONS.

## SWITZERLAND'S PROTEST.

BERNE, Feb. 11.

The Swiss reply to the Central Powers in regard to the intensified submarine warfare protests, most strongly against injury to neutral rights and dwells on the very serious economic effects on imports and exports. It reserves its rights if the action of the Central Empires results in the destruction of Swiss citizens and property.

LATER.

The Federal Council, in a Note to the United States on German submarine warfare, again emphasises its determination to defend Switzerland's neutrality and "the inviolability of Switzerland," which would certainly become a theatre of war immediately she departed from neutrality. Therefore she confined herself to protesting and to taking every reservation against a German blockade, particularly in the event of the blockade appearing to be incompletely effective, or causing Swiss nationals or property to destruction.

## UNCONSCIOUS HUMOUR IN PLACES OF WORSHIP.

Unconscious humour in places of worship does not always come from the pulpit. At a church where the selection of hymns formed part of the organist's duty, the feelings of the minister who had just delivered a fiery sermon upon "Hell" may be better imagined than described when, on his conclusion, the organist began to play the hymn, "What must it be like there?" Equally inappropriate to the occasion was the musical number selected to follow a tedious long sermon by the pastor (who was no orator), the anthem "Now it is high time to awake out of sleep."

## THE CHINESE Y.M.C.A. IN HONGKONG.

## THE LAYING OF THE FOUNDATION STONE.

The Bishop of Victoria (Dr. G. H. Lander) in laying the foundation stone

of new premises for the Chinese Y.M.C.A. in Bridges Street on Saturday afternoon (briefly reported in Saturday's *China Mail*) said: "You have conferred a great honour upon me in asking me to lay the foundation stone of this new building. By doing so I suppose the Committee desire to emphasise the word 'Christian' in the designation of this institution. I assume that I am invited to perform this function because I happen to be the Bishop of a section of the Christian Church in Hongkong and because I am regarded as, perhaps, in some way representing the whole Christian Society that was formed by Christ Jesus. The Y.M.C.A. is undenominational, and is the hand-maiden of all sections of the Christian Church. Its activities are, as has been well stated, the activities of the Churches in the form of new or more efficient members or express the Church's outreach among the young men of the community through its special union effort. I regard this building as a monument also an international effort. This is a British Colony and the British Government is ever friendly to such institutions as the Y.M.C.A. It has been through it that it has been possible to acquire this valuable site, the money for which has been largely contributed by Chinese and the building itself is being given by American friends, so it is indeed a permanent standing memorial of brotherly co-operation between the vast empires of Great Britain and the Great Republics of China and America. I pray that it may ever promote peace and harmony amongst these great powers. The Y.M.C.A. in whatever country it exists soon proves itself indigenous. Here as elsewhere it has a self-supporting and self-governing basis and it has proved itself peculiarly adapted to the Chinese mind. The number of Chinese secretaries is now largely in excess of the foreign secretaries and everyone rejoices that it enlists the support and co-operation of so many Chinese gentlemen from the highest officials down to the humblest members of the community. It has a very wide scope for its activities. Every Briton must have a warm place in his heart for the Y.M.C.A. as he thinks of its magnificent work amongst our soldiers at the front. (Applause.) The 'hats,' as they are called, where our men go for rest and refreshment, are proving of inestimable value, and sections of the community who previously were cold towards the Y.M.C.A. are now its ardent advocates. In China and Hongkong also we have abundant illustrations of its promotion of the social, sanitary, educational and physical welfare of the people. I expect the reason of public opinion on the part of the Chinese in this Colony being in favour of vaccination is, to some extent, due to the influence of the Y.M.C.A. We may well be thankful for the work that it is doing amongst the student class who are often sorely tempted and inadequately safeguarded. The remarkable enthusiasm that is now evinced by Chinese young men for physical exercise has been promoted so that now the Y.M.C.A. stands for a sound mind in a sound body. I feel it is my business to remind you all of its essentially Christian character. Its acting and controlling members and its executive staff are and must be members of Christian Churches. Its true aim is not only the physical and mental welfare of a man, but also his spiritual well-being. I hope the word 'Christian' will never be written small over these buildings and I trust that its occupants will ever remember that it is not enough to have good buildings, well-attended classes and big subscription lists, but it needs the spirit of the Christ. That is what China needs as all other nations to-day. It is this spirit that will produce the kind of integrity and ability that will make this Colony and the great Republic of China an increasing influence for good in the world.

The architects of the building are Messrs Shattuck and Hussey of Chicago, whilst Mr. A. R. F. Raven is the local associated architect. Messrs Yee Ho Hing are the contractors Mr. G. F. Turner is acting as Building Secretary, whilst a Building Committee have been appointed to watch the interests of the donors. Professor Middleton-Smith, in the course of his remarks in opening the proceedings, acknowledged the indebtedness of the Committee to Major Donald Macdonald for a great deal of technical assistance.

A handsome silver trowel was presented by the contractor.

The mild and soothing influence which this preparation has classes it among the most valuable of its kind, in cases of Cough, Asthma, Bronchitis, Shortness of Breathing, or Difficulty of Expectoration; and while it removes the accumulation of phlegm, from its Tonic and Astringent virtues it prevents its formation, and allays irritation of the membranes of the throat and chest, rendering these delicate parts less susceptible of future irritation and disease.

DOSE.—From ten drops to one tea-spoonful according to age and circumstances, to be taken three or four times a day, or when the Cough is troublesome.

## COAL AND IRON IN KWANGTUNG.

(To the Editor of the "CHINA MAIL.")

Sir.—With regard to the very interesting Article which appeared in a recent issue of a contemporary headed "Coal and Iron in Kwangtung," I

undertand that steps have already been taken on behalf of the Hongkong Steel Foundry Company Ltd., to raise the further capital required for the purpose of establishing a blast furnace and rolling mills in the neighbourhood.

This, evidently, in anticipation of concessions being granted by the Chinese Government to that Company, which will enable it to procure all the iron ore needed from the province of Kwangtung, where there is undoubtedly vast quantity obtainable.

There being such an industry as that of the Hongkong Steel Foundry Company in existence—the only one of the kind, I believe, in South China—and this being entirely a British controlled Company, it seems to me to be manifestly to the interests, not only of the British public generally, but also of those who have the welfare of Hongkong at heart, to give all aid possible to this Company in its present endeavour.

We do not want, again, to see foreign enterprise established in South China—certainly not in Hongkong—which will, if they do not actually injuriously affect, at any rate in no way promote, Hongkong trade and interests. Hongkong frequently requires a good deal of "waking up"—almost as much as does China. Merchants and residents here are too prone to let things slide, and to take little trouble about the future.

An opportunity has now arisen to benefit this Colony—and ourselves—of which advantage should be taken. This can be done by assisting to render it possible for a Hongkong Company to supply all the needs for iron and steel articles in this part of the world.

Yours faithfully,  
W. A. DOWLEY.

ECZEMA SPOTS  
CREW LARGER

And Spread. Burning Sensation.  
Great Itching.

## HEALED BY CUTICURA

"The first sign I had of eczema was small red spots on my limbs. They became irritated with a burning sensation and afterwards a great itching came on which caused me to lose a great deal of rest. The itching got so bad that I could not help scratching and the spots grew large and spread."  
"I saw a Cuticura Soap and Ointment advertisement and sent for a free sample and soon felt the cooling of the affected parts as I continued using them and I was healed." (Signed) William Alcock, Sharncliffe Road, Northwich, Chas., Eng., Aug. 4, 1915.

## Sample Each Free by Post

With 32-p. Skin Book. (Soap to cleanse and Ointment to heal.) Address postcard for sample: F. Newbery & Sons, 27, Charterhouse Sq., London. Sold everywhere.
